

Special Service Area (SSA) Health & Sanitation Rebate Program

1. Description

In the wake of the global spread of COVID-19, businesses have been confronted with an increased need to quickly, frequently, and thoroughly clean their location and all equipment, and food establishments have been forced to suspend dine-in operations and pivot entirely to carryout and delivery service. The Health & Sanitation Rebate Program (the "Program") was created as an emergency response to the COVID-19 emergency, with a goal of supporting local businesses facing increased costs for sanitation supplies and takeout packaging by providing a rebate. Eligible expenses include purchase of gloves, masks, takeout containers, bags, antibacterial hand soap, hand sanitizer, isopropyl alcohol, disinfectant wipes, disinfectant spray, bleach, and janitorial supplies.

Applicants meeting all Program requirements outlined in this document may receive a rebate of up to 50% of eligible costs, not to exceed a total of \$500 per business. Due to the evolving nature of COVID-19 and its impacts on businesses, the SSA Commissioners reserve the right to implement additional Eligibility Requirements as it deems reasonable, and change or end the Program at any time.

2. Eligible Applicants & Projects

- Applicants must be locally-owned brick-and-mortar businesses located in special service areas #26 in Edgewater.
